All About Me

Hello, my tiny little friends! I am Rosy. I am 5 years old and today I am going to tell you a few things about myself.

Now, I'll tell you
about various
parts of my body.

This is me!

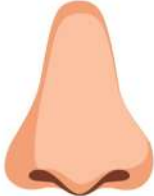

All these parts of my body make me a complete human and help me to do so many different things.

My Face

My Home

"Shayna and Rohan, now you both know about family and how important having a family is. Do you know what is a home?"

Our family is the first group to which we belong. Our family lives together in a place called home. We are happy when we are together. We feel safe and secure with our parents, brothers, and sisters.

No, Grandma.
Can you pls explain
it to us?

As we all live together in our home, and do so many activities together we need separate space for everything. So we build different rooms in the house.

Yes sure! let me show you
through pictures.

Wow! that is so good, Grandma.
Please tell us something more
about homes.

What kind of rooms
Grandma? can you
tell us about the rooms?

Bedroom

Bathroom

Safety at home

Do not go near the gas stove and do not play with fire.

Do not put your finger in the electric board. It can give you an electric shock.

Do not play with electronic items like, Iron box, hair dryer or mixer grinder etc. It can be dangerous.

Playing with sharp objects like knives and scissors can give you a cut and can be dangerous.

Do not play on the staircase as you can fall down and hurt yourself.

Never open the door for a stranger when you are alone and do not talk to them. They can be thieves or bad people, and can harm you.

My School & Safety at School

We are here to help you!

Cleaners

The people who keep our surroundings clean and healthy for us are called cleaners. They collect garbage from our homes, sweep the roads and mop the public places.

Plumbers fix our leaking taps and water supply pipes. They get special tools with them and fix things and help us save water.

Plumbers

Chefs

The people who make all the yummy food items, sweets & savouries in hotels and restaurants are known as Chefs. Chefs make our celebrations even more special by adding wonderful flavours in our food.

About i-Life

Founded by **Mr. Amarnath R Chayanam** in 2015, **LIFE's** mission is to empower both learners and educators through the provision of accessible, engaging, and personalized educational experiences. Our goal is to create a world where education goes beyond traditional classrooms, evolving into a lifelong pursuit accessible to all, regardless of age, location, or socio-economic background. At the core of our values is the encouragement of curiosity, the promotion of collaboration, and the cultivation of a passion for learning. Committed to ongoing innovation and advancement, we, now as **i-Life**, envision broadening our impact by leveraging the potential of emerging technologies such as **Artificial Intelligence, Augmented Reality, and Virtual Reality**. With these cutting-edge tools, we anticipate a future where education seamlessly integrates into daily life, fundamentally transforming how we learn, teach, and engage with knowledge.
